

# Quarterly Report

For the 3 Months ended December 2017

This Quarterly Report updates activities undertaken during the period 1 October 2017 to 31 December 2017.

## 1. PROJECTS

### Savoy Hill Coal Project (100%)

As previously notified, the Savoy Hill tenement, Exploration Licence 6812 (**EL 6812**) has been extended until 20 June 2018. An application for a further extension of EL 6812 will be completed during Q2 2018.

The Company has completed necessary exploration across the tenement to consider the longer term mining options for the project and has undertaken initial marketing analysis for a potential open-cut operation, supplying the nearby domestic power stations. Further work will be undertaken as required.

## 2. NUCOAL'S LEGAL CASES

### Background

On 31 January 2014, the NSW Government passed the *Mining Amendment (ICAC Operations Jasper and Acacia) Act 2014* (NSW) (**Mining Amendment Act**), cancelling Exploration Licence 7270 (**EL 7270**) with no compensation payable to NuCoal. The legislation was passed following an inquiry by the Independent Commission Against Corruption (**ICAC**).

During the quarter, NuCoal continued to implement the legal and political strategy previously announced to seek redress for shareholders following the unfair and unjust cancellation of EL 7270 by the NSW Government.

### Free Trade Actions

The Company is continuing to pursue claims against the Australian Government on behalf of U.S. shareholders under the Australia US Free Trade Agreement (**AUSFTA**). This potential international action is being progressed with a view to obtaining compensation from the Australian Government for the decision by the NSW Parliament, on the advice of the O'Farrell led Government, to expropriate EL 7270 without payment of compensation.

During the quarter NuCoal lobbyists, BGR Group, continued to progress this action and met with numerous relevant US Government Officials. In addition, individual U.S. shareholders continue to work closely with NuCoal in pursuit of compensation and have continued to write to and meet with their political representatives.

### Meetings with Politicians

NuCoal officers and advisers continued to meet with politicians and Ministers in NSW and federally during the quarter. The aim of the meetings is to continue to educate and eradicate any misconceptions about the facts surrounding NuCoal's circumstances and to ensure that people understand that the Company is well funded and that the intention is not to cease the pursuit of justice until appropriate compensation is received.

### NuCoal Submission

In December 2017 NuCoal lodged a submission with the NSW Premier, the Hon. Gladys Berejiklian MP, requesting her to consider NuCoal's position following a number of developments during 2017 which NuCoal believe warrant substantive review by the NSW Government. These include, but are not limited to, the matters below:

- the acquittal of Mr Craig Ransley, former Founder and Director of Doyles Creek Mining Limited (DCM), on allegations related to the granting of EL 7270, the evidence tabled and conclusions drawn in this case and the failure to bring any charges against Mr Andrew Poole and Mr Michael Chester, both also former Directors of DCM;
- MPs from either side of Parliament have publicly stated that the NSW Parliament may have been misled when it passed the Mining Amendment (ICAC Operations Jasper and Acacia) Act 2014. Most recently, the Hon. Dr Peter Phelps highlighted the injustice of the Amendment Act publicly in Parliament, stating *"What we have here appears to me to be gross maladministration by ICAC. Even more importantly, I believe we may have been misled by the then Premier into introducing and passing three bills that have expropriated a property right completely unjustifiably."*; and
- the compensation paid to Shenhua in respect of Watermark, and to BHP for Carooona, to buy back NSW coal mining licences.

NuCoal hopes that its submission is given the consideration it deserves by the NSW Government. The United States Trade Representative is being kept abreast of all local efforts being progressed via BGR.

## **3. CORPORATE**

Cash and deposits as at 31 December 2017 were A\$1.32 million.

The Company has exchanged a Contract For Sale of all remaining properties held within the Jerrys Plains area. The sale of these properties will result in cash inflows of \$3.95 million on completion, which is expected to occur during Q1 2018.
