Trading Arrangements

The Company's securities are currently suspended from trading on the ASX. The securities will remain suspended during the de-listing process.

After listing on the NSX, the Company's securities will recommence trading under the following arrangements:

- The Company will continue to participate in the ASX's Clearing House Electronic Sub- Register System (**CHES**) in accordance with the Settlement Rules. CHES is an automated electronic transfer and settlement system for transactions in securities quoted on the NSX.
- NSX has established a transfer service agreement between NSX and ASX CHES. This agreement recognises the NSX as an Australian market operator pursuant to the ASX Settlement and Operating Rules and allows NSX to be a recipient of the transfer service provided by ASX.
- Shareholdings will continue to be registered on one of two sub-registers, the electronic CHES sub-register or an issuer sponsored sub-register.

There are three scenarios on how shareholdings may be affected:

- A shareholder who is a participant in CHES and whose Broker is a participant of the NSX, will continue to be registered on the CHES sub-register. There will be no change.
- A shareholder who is a participant in CHES and whose Broker is not a participant of the NSX, will need to provide instruction to their Broker to either:
 - move holdings to a participating Broker to continue to be registered on the CHES sub-register; or
 - move to the issuer-sponsored sub-register. If a shareholder elects to move to the issuer-sponsored sub-register, they will need to contact their existing participating broker and request for the shares to be moved to the issuer-sponsored sub-register. Upon the move, they will be sent an initial holding statement setting out the number of Shares held and a new Securityholder Reference Number (**SRN**).

- A shareholder who is a participant on the issuer sponsored sub-register will have no change.
